

Spring 2024 ICAP Training Schedule

The Institute is continuing to offer ICAP training to IDD organizations across Illinois. In 2023, over 500 community agency staff participated in ICAP training sessions. The overwhelming response from attendees has been that as a result of attending an Institute ICAP training session, they now understood how to properly administer the ICAP assessment.

Advance registration required; early registration is encouraged!

Thursday, April 18

1.5 IDHS QIDP CEUs

About the Presenter

Kathy Carmody has been conducting ICAP training for over 3 decades, beginning with her role at the Taylor Institute which first brought the ICAP to Illinois in the 1980's to evaluate 8,000+ nursing home residents with IDD. Kathy has been approved by IDHS to offer QIDP CEUs and has extensive background in agency operations which informs her presentation. Kathy serves on the Ligas Oversight Committee and chaired both the DSP Staffing and ICAP subcommittees. Kathy's practical approach to training assures that audiences gain a thorough understanding of the ICAP instrument and dramatically improve their ability to properly administer the ICAP.
